

DATA SECURITY INFORMATION

Any personal data that is collected during booking process is strictly confidential and is not given to third parties. Connection between customer's computer and pescatorvillas.com web site is protected by SSL/TLS technique. This technique prevents possibility to gain access to personal data or to modify data during booking process by a third party. Customer is responsible for protection of his/her own computer.

Credit card payment is handled by the Finnish branch of Nets Danmark A/S (company code 2858201-4).

This payment procedure is 100 % safe. All credit card data is handled and stored according to strict rules of Nets Danmark A/S.

We follow EU rules for personal data protection (GDPR) when storing customer's personal, address or payment information.

If you would like to learn more about the protection of your personal data, please contact register administrator of Pescator Villas/ Stonerin Oy, e-mail sales@pescatorvillas.com.

Please note we use cookies in our web site. Cookies are common tools that are used in majority of web sites. They identify computer user to enhance user experience and to monitor web site visitor behavior. This does not affect the usage of computer in any way. Please note that all collected data and analysis remains anonymous.

Please note we use Google Analytics in our web site. This is analysis tool that monitors web site visitor behavior by using cookies. Google Analytics saves data and sends it to third parties if that is required by the law or if that is needed to secure site service. Your computer IP address is not connected to any other data Google may have on you already. Also, all personal data remains anonymous.

You may prevent the use of cookies in your web site settings. Please note that web site may not function optimally if you decide to prevent them.
